WINE ALCOHOL & Distilled Spirits
 Alcohol reaches the brain in 20 to 40 minutes. Alcohol affects reflexes and judgement adversely. Alcohol affects the heart and lungs adversely. Alcohol slows down eye muscles used to focus on the movement of approaching objects and other vehicles. This is why alcohol is a major factor in 40% to 50% of all traffic fatalities involving alcohol. The next time to judge how much or how little to drink is after you drink. If you know you must drive, don't drink. If you don't know, you are going to drink. Let a non-drinker do the driving!

Tequila *Tequila is made exclusively in Mexico and used as the official cocktail of the Super Bowl. Tequila has been distilled from the agave plant for thousands of years. The best tequila is labeled **100% agave** and must have been processed in the traditional way. Silver tequila is made distilled. Gold tequila is aged by aging in wooden barrels up to four years. The best aged tequila, **100% agave**, is aged in barrels for up to 12 years. The best aged tequila can be served straight or on the rocks. Tequila can be served straight or on the rocks. Tequila can be served as a variety of sips, shots, or in a variety of recipes and may contain color additives.*

TEQUILA SUNRISE

2 oz. tequila
 1 oz. orange juice
 2 oz. cranberry juice

Combine all with crushed ice in shaker. Strain into cocktail glass.

VARIATIONS
 Many southwestern drink variations of long-established concoction have surfaced, such as Bloody Mary, Martini, Cosmo, Fizz, Sour, Stinger and more. Merely substitute tequila for vodka. The original margarita recipe may only be surpassed by the quest for alternative and appealing mixtures.

Martinis *Traditionally, the martini is made with gin and vermouth. Many popular variations of the martini, or cocktail, have evolved to include almost any combination of ingredients that is poured into a glass with a traditional martini cocktail.*

CLASSIC MARTINI

1/2 oz. dry vermouth
 Combine liquid in mixing glass with ice. Add 1 oz. vodka (or vodka + James Bond tint). Strain into a martini glass.

VARIATIONS
 Note: Because of the complexity of the martini it is a complex subject. Some mix a splash of vermouth around with the ice and discard the extra before adding the liquor (the **no-jowl martini**). Very dry may mean just passing the cork over the glass. Very wet may mean straight vodka while mostly starting at the vermouth bottle (the **Churchill martini**).
 Traditional - use juice of lemon and fat of the olive.
 Gibson - use a cocktail mixer for the olive.
 vodka Martini - use vodka for the gin.
 Sweet Martini - use sweet vermouth for the dry.
 Martini with the **big** - when orange bitters is added.

 1/2 oz. white crème de menthe

Combine all in glass with ice and stir. May be strained into a snifter.

FOG CUTTER

1 oz. brandy
 2 oz. rum
 2 oz. triple sec
 dash white rum
 dash orange juice
 2 oz. cranberry juice
 1/2 oz. lime juice

Shake together first five ingredients with ice. Strain over brandy in highball glass. Fill with equal parts of juices. Strain directly over top.

 1 oz. triple sec
 1 oz. lime juice
 1 oz. lime juice
 1 small lime wedge
 1/2 lime wedge
