Pokemon has been around for ages after the craze started in Japan and quickly took off everywhere. You can hardly go anywhere without hearing of the well-known character, Pikachu, but it is helpful to know the other characters as well. This guide not only introduces you to Pikachu, the star of the popular game, but also to Charizard, Mew, Sudowoodo, Chimchar, and Clefairy. It tells you some basics about each character and then some little known facts about each character as

well. The guide is quite informative and an interesting read.

Some of the kids I mentor take this stuff pretty seriously, so this guide made it so that I can at least know what they're talking about. Pokemon is actually pretty fun stuff. I gave this guide 5 stars!!

Pokemon is one of my favorite characters and I love reading such books. I love reading the books that have pokemon memes and this book was a fun reading with so many amazing and funny memes. All those who are fans of pokemon or love memes of pokemon must get this book.

Very good book for a beginner or a person who wants to know more. It's a bit short, but it tells you a lot of basic things and it tells you facts and even where their names came from. Also you may get the price is a bit picky because it is. So if you are a beginner or want to learn something about Mew, Charizard, Jigglypuff or more you should get this book! Pokemon, Gotta Catch 'em all!!!
