Star Wars Scrapbook: The Essential Collection

Synopsis

Imagine you've been a Star Wars fan from the very beginning. Way back in 1977, you started collecting everything from Star Wars gum wrappers to now-priceless relics like the original preview questionnaire. Even better, you had access to special screenings, actual film sets, and all the behind-the-scenes parties. You'd be just like Stephen Sansweet, the world's foremost Star Wars collector. In this magnificent scrapbook, Sansweet has carefully selected and arranged the best of his unparalleled collection, authentically reproduced right down to the bristles on the Luke Skywalker toothbrush. Here are Yoda Christmas cards painted by Ralph McQuarrie himself, early prototypes of logos, invitations still in their envelopes, cutout figures, press releases, stickers, patches, trading cards, press photos, and much, much more. Including Sansweet's anecdotes of the early days and featuring treasures from around the world, this is the ultimate Star Wars collectible. Customer Reviews

This book is so cool! The entire layout is so unique! An outstanding design! There are rare photos inside that I have not ever seen before (and I own all the other STAR WARS books!!) THIS IS TRULY FANTASTIC - FOR A TRUE COLLECTOR!!! May the Force be with you!

Leave it on the coffee table, watch your visitors pick it up and turn the pages and see their faces light up!

The lady from Lexington is absolutely correct: "This book wasn't meant to be read--it was meant to be flipped through and enjoyed." If you want text and information, try Sansweet's "Star Wars: Concept to Collectible" or The SW Encyclopedia." This book is interactive fun, clever, fascinating, exciting and just plain cool!

This book wasn't meant to be read--it was meant to be flipped through and enjoyed. Steve Sansweet has included a small (I've seen pictures of his house-this is a REALLY small) sample of his ultimate Star Wars collection. From the toys we all remember to rare and foreign collectables, the strange and bizarre and the nearly normal (anyone else remember C-3PO's cereal?) it is all here. And to fully appreciate it, you really need two copies--one to keep and one to punch out the interactive pages: these are recreations of real Star Wars cutout toys! (All discretely marked as repros, of course.) For Star Wars fans of all ages, this book is a must. We can't all own Steve's collection (rats!), but at least we can enjoy a little of it.
