Freddie Visits The Doctor (Little Barron's Toddler Books)

Synopsis

Mom takes Freddie to the doctor when he comes down with a sore throat. Freddie is nervous at first, but the doctor turns out to be friendly. Very soon, Freddie is feeling much better. About "little barron's toddler books" Written and illustrated for preschool children, this series is designed so that very young boys and girls will perceive books and reading as a delightful experience. The pages are constructed of sturdy card stock that resists the inevitable wear and tear from preschoolers' hands. Eye-catching illustrations on every page employ a range of vivid colors that have special appeal to younger children, and each book's text is focused to help develop toddlers' listening and concentration skills. Here are delightful books that will give kids a head start in a lifetime of productive and enjoyable reading.

Customer Reviews

This is a great way to present doctor visits to toddlers. I read this with my two year old, and this book along with other things has helped him to love doctors. He likes pretending to be a doctor and he gets really excited when we read this book. It covers some of the basics of what doctors check out when you're visiting, and might help prepare them for their 2 year or 3 year wellness child checkups. The illustrations are basic and the text is simple and written in the first person by a young boy, but this book is a huge hit in my house.
